

CLASSIFICATION: 10 22 23.23

PRODUCT DESCRIPTION: Variflex Glass combines two highly desirable qualities: transparency and sound insulation. The room divisions provided by this movable wall system therefore offer the twin benefits of generous spaciousness and impressive sound attenuation with reduction ratings of up to Rw 52 dB (laboratory value per EN 10140). Its other strengths include easy combinability with Variflex 100 elements, creating a system of uniform elegance with all the technical advantages of a genuine Variflex movable wall.

Section 2: Content in Descending Order of Quantity

This section lists contents in a product based on specific threshold(s) and reports detailed health information including hazards. This HPD uses the inventory method indicated above, which is one of three possible methods:

- *Basic Inventory method with Product-level threshold.*
- *Nested Material Inventory method with Product-level threshold*
- *Nested Material Inventory method with individual Material-level thresholds*

Definitions and requirements for the three inventory methods and requirements for each data field can be found in the HPD Open Standard version 2.1.1, available on the HPDC website at: www.hpd-collaborative.org/hpd-2-1-1-standard

Section 4: Accessories

This section lists related products or materials that the manufacturer requires or recommends for installation (such as adhesives or fasteners), maintenance, cleaning, or operations. For information relating to the contents of these related products, refer to their applicable Health Product Declarations, if available.

No accessories are required for this product.

Section 5: General Notes

Dorma Hüppe movable walls: Global provider of high-quality operable partition systems. Dorma Hüppe is part of the dormakaba Group and makes up the Movable Walls business unit together with Modernfold and Skyfold. With its movable wall systems for conference facilities, congress centres, banks, exhibitions etc. and 130 years of company tradition supporting it, Dorma Hüppe is able to offer customers throughout the world smart solutions for efficient room management. Dorma Hüppe not only plans, designs and installs movable partition wall systems, it also ensures their ongoing durability, function and performance with a range of high-value services. For more information, please go to: <https://www.dorma-hueppe.com>. The information contained in this HPD is to be used only as a voluntary information on our products. dormakaba makes no representation or warranty as to the completeness or accuracy of the information contained herein. The products and specifications set forth in this HPD are subject to change without notice and dormakaba disclaims any and all liability for such changes. The Health Product Declaration (HPD) Open Standard provides for the disclosure of product contents and potential associated human and environmental health hazards. Hazard associations are based on the HPD Priority Hazard Lists, the GreenScreen List Translator™, and when available, full GreenScreen® assessments. The HPD Open Standard v2.1 is not:

- *a method for the assessment of exposure or risk associated with product handling or use,*
- *a method for assessing potential health impacts of: (i) substances used or created during the manufacturing process or (ii) substances created after the product is delivered for end use.*

Information about life cycle, exposure and/or risk assessments performed on the product may be reported by the manufacturer in appropriate Notes sections, and/or, where applicable, in the Certifications section.

The HPD Open Standard was created and is supported by the Health Product Declaration Collaborative (the HPD Collaborative), a customer-led organization composed of stakeholders throughout the building industry that is committed to the continuous improvement of building products

through transparency, openness, and innovation throughout the product supply chain.

The product manufacturer and any applicable independent verifier are solely responsible for the accuracy of statements and claims made in this HPD and for compliance with the HPD standard noted.
