IMPORTANT NOTICE

Kaba's E-Plex 5800 series Stand-Alone Electronic Locks and Controllers (SACs) have been approved by a certified GSA lab to meet FIPS 201.1 product standards. However, we cannot guarantee that all cards claiming to meet FIPS 201.1 will work with our products, as we have observed some cards that have been issued do not meet FIPS 201.1 specifications. This may be due to a card manufacturing defect, third party customization of the card, or damage done once the card was in circulation. It is the responsibility of the end-user Agency or Company to validate and verify that the specific credentials intended to be used with Kaba's E5800 series Locks and Controllers are interoperable with our product. Our product warranty does not cover any replacement product or other costs due to specific cards not working with the E-Plex 5800 series products.

** Interchangeable/Removable core cylinders are not included with the lock

* This field may be left blank if no optional features are required
