

A thick, black vertical bar on the left side of the page, with two white square cutouts. The top cutout is positioned above the "Product Information" section, and the bottom cutout is positioned above the "BEYOND Sliding" section.

Product Information

DORMA-Glas GmbH
herewith certifies
that the product

BEYOND Sliding

have been tested in an endurance test according to European EN 1527 standard. This took place in a series of exemplary tests; the fittings were mounted to a glass-door with 80 kg weight. The corner patch fitting fulfils the demand given by the German DIN standard:

(Door width: 1000mm, Door height: 2365mm)

50.000 operations (cycles), class 5
