Elektrostatisch gefährdete Bauelemente
Static sensitive devices

Beschaltung und Beschreibung TMS LON-Modul UP

D

Service = Service-Taster

Status = Status-LED

Technische Daten:

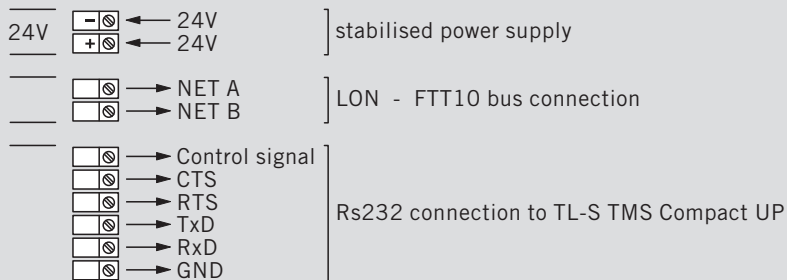

Versorgungsspannung: 24 V AC/DC +15/ -5%, stabilisiert

Stromaufnahme: 23 mA

Software: DORMA LON-Applikation

Terminal connections and description TMS LON-Modul UP

GB

Service = Service switch

Status = Status-LED

Technical data:

Power supply: 24 V AC/DC +15/ -5%, stabilised

Current input: 23 mA

Software: DORMA LON application
