INSTRUCTION
1. Locate floor closer accurately in subfloor prior to installing terrazzo pan.
2. Install two location pins into base of pan. Install valve plugs into valve access tubes.
3. Place terrazzo pan onto floor closer. Place shims tightly against sides of terrazzo pan. (Shims must stay in place while pouring terrazzo flooring.) Carefully pour terrazzo in and around pan.
4. Surface terrazzo pan and surrounding floor area to provide uninterrupted floor appearance.
