RÜMLANG 28 OCTOBER 2013

## Purchase of Shenzhen Probuck Technologies Co. Ltd. completed

Kaba Group completed its purchase of Shenzhen Probuck Technologies Co. Ltd., based in Shenzhen (China), on 28 October 2013. The authorities in the People's Republic of China have now provided the necessary approvals for the acquisition. The parties have agreed not to disclose the purchase price.

The company specializes in electronic access control with biometric identification, as well as in time recording terminals. It also uses its own fingerprint technology. Probuck Technologies has more than 100 sales partners in around 80 cities in China, though it sells its products in other countries too. For example, the company has won an Original Equipment Manufacturer (OEM) contract for around 1,000 biometric access control components for accommodation in the athletes' village at the 2016 Olympic Games in Rio de Janeiro. Probuck Technologies has approximately 340 employees.

Such forward-looking statements are based on assumptions and expectations which the company believes to be well founded, but which could prove incorrect. They should be treated with appropriate caution because they naturally involve known and unknown risks, uncertainties and other factors which could mean that the actual results, financial situation, development or performance of the company or Group are materially different from those explicitly or implicitly assumed in these statements. Such factors include:

- > The general economic situation
- > Competition with other companies
- > The effects and risks of new technologies
- > The company's ongoing capital requirements
- > Financing costs
- > Delays in the integration of acquisitions
- > Changes in operating expenses

- > Fluctuations in exchange rates and raw materials prices
- > Attracting and retaining skilled employees
- > Political risks in countries where the company operates
- > Changes to the relevant legislation
- > Other factors named in this communication

If one or more of these risks, uncertainties or other factors should actually occur, or if one of the underlying assumptions or expectations proves incorrect, the consequences could be materially different from the assumed ones. In view of these risks, uncertainties and other factors, readers are cautioned not to place undue reliance on such forward-looking statements. The Company accepts no obligation to continue to report or update such forward-looking statements or adjust them to future events or developments. The Company emphasizes that past results and performances cannot lead to conclusions about future results and performances. It should also be noted that interim results are not necessarily indicative of year-end results. Persons who are unsure about investing should consult an independent financial advisor.
