Reamstown/Leola

Environmental Policy

It is the policy of dormakaba USA to conduct operations in a manner that is environmentally responsible and befitting a good corporate neighbor and citizen.

In accordance with this policy, dormakaba USA complies with applicable environmental laws and other requirements and manages all phases of the business in a manner that minimizes our environmental impact.

To fulfill this policy, dormakaba USA:

- Complies with all applicable environmental laws and regulations.
- Reduces, eliminates, and prevents, to the maximum practical extent, our environmental impact.
- Communicates with our employees, suppliers, regulators, and customers, as well as the surrounding community when necessary, regarding our environmental impact.
- Measures the impact on the environment and sets targets for ongoing improvement.
- Includes environmental requirements in planning and product design.
- Periodically reviews and demonstrates continual improvement of the documented environmental management system.
