Vestibule push plate
stainless steel actuator

Automatic swinging doors

Description
dormakaba’s vestibule push plate improves overall access and seamlessly integrates with automatic door operator activation.

These ADA compliant push plates combine two jamb-style plates that fit into one double gang mounting box for ease of installation. These vestibule push plates may be hard-wired to the door operator or connected to dormakaba wireless transmitters.

Features & benefits
• 1/16" thick stainless steel for maximum durability.
• Concealed fasteners to minimize vandalism.
• Complete kits available including plates, mounting boxes, and optional wireless devices for ease of ordering.
• Compatible with both surface and flush mount boxes.
### Applications
